

Colorado Allergy and Asthma Centers, P.C.
Position Vacancy Announcement
Posted: 1/14/2016

Position: R.N.
Location: Denver
Hours: Full-time, 36 hours per week

Position Purpose: This non-exempt, full-time position is responsible for direct and indirect care of adult and pediatric patients under the direction of the Physicians, Physician Assistants and Clinic Manager. We are looking for a positive, experienced, responsible individual to contribute depth & knowledge to our busy practice.

Responsibilities:

- Patient care, education, record keeping, allergy testing and injections, treatment of allergic reactions and acute illnesses, follow established clinical protocols, guidelines and direction
- Front Office duties as necessary
- Continue personal and professional education and growth
- Work in a team oriented environment with all departments and all levels of personnel
- Demonstrate flexibility, professionalism and a high level of motivation
- Takes initiative, is a self-starter and demonstrates leadership
- Performs additional duties as deemed necessary
- OSHA and HIPAA Compliant

*Responsibilities subject to change based on companies needs.

Prerequisites:

1. R.N graduate of an accredited program with a current license
2. Experience preferred with both adult and pediatric patients
3. Current CPR Certification
4. Strong, professional references required

*Although internal candidates will receive first consideration, outside recruiting will take place simultaneously.
