

Do you have Chronic Urticaria?

Are you 12 years of age or older?

Do you have itching and hives despite the use of H-1 Antihistamines?

If so you may be eligible to participate in a clinical research trial

Study Requirements:

- Minimum of 6 months documented diagnosis of Chronic Spontaneous Urticaria from a physician
- A presence of itching and hives despite use of H1-Antihistamines (like Benadryl)
- Participants that have NOT had prior exposure to omalizumab (Xolair)

Participants Receive:

- Study related investigational medication at no cost
- Study related care from a board-certified physician at no cost
- Compensation for your time and travel (upon qualification)
