

Participate in an Asthma Clinical Trial

Our clinical research site is currently recruiting people who have asthma to participate in a research study. This study will compare an investigational study product to an already marketed product or placebo.

To be eligible, participants must be 12-75 years of age, and be able to attend 3-5 office visits within approximately 6-9 weeks. You will need to stay in the office for approximately 13 hours during visit 2.

Those who qualify will receive:

- Study-related exams, including pulmonary function testing
- Compensation for time and travel
- Study product or placebo
