In compliance with Colorado Revised Statute: 25-49-103 – Transparency in Health Care Prices Act, we are providing our **top 15 most commonly provided services** along with the corresponding CPT code (billing code). We have also included the service description and charge amount.

Please note that the charge amount we are providing as it relates to the service is prior to insurance. If you are not covered by health insurance, you are strongly encouraged to contact our billing office at 720-858-7550 to discuss payment options prior to receiving a health care service from a health care provider at this office since posted health care prices may not reflect the actual amount of your financial responsibility.

If you are covered by health insurance, you are strongly encouraged to consult with your health insurer to determine accurate information about your financial responsibility for a particular health care service provided by a health care provider at this office.

CPT Code	Description	Charge
99202	Office or other outpatient visit for the evaluation and management of a new patient, which requires medically appropriate history and/or examination and straightforward medical decision making.
